PUBLIC COMMENT (in Person)**Trooper Reinaldo Cruz**

Trooper Cruz, New Jersey State Police Troop D, shared on behalf of the Major and the Captain how they engage possibly the largest amount of community outreach in the state of New Jersey and shared it started with a dream from former Executive Director John Keller on raising 1000 cans of food and it has expanded to a lot more today. Since 2019, Troop D has distributed over 800,000 lbs of food to over six million people in New Jersey, five states and three islands and are currently working with Jamaica as a result of Hurricane Melissa. Trooper Cruz explained how they are identifying hotels in New Jersey that are housing homeless people and further supporting those families in need. Trooper Cruz also shared that they are currently working with a laundry mat company that is going to be providing free washing of clothing. Trooper Cruz said they work with Wakefern who provides additional food and work with other companies in the private sector to see if there are any employment opportunities as well. Trooper Cruz spoke regarding looking into partnerships with universities and if there is any way possible for those that are going through tough times and want to continue their education, that they may receive some sort of stipend to do so. Trooper Cruz stated that this Thursday they are distributing toys to the Robert Wood Johnson Hospital in New Brunswick and have distributed over 20,000 toys for terminally ill kids over the years. Trooper Cruz stated we have been extremely blessed and said without the support of current and past Majors and Commissioners, we would not be able to affect all of the lives of the people that are struggling.

ooo0ooo

CHAIR COMMENTS

Chair O'Connor thanked Trooper Cruz for all that Troop D does and stated it is remarkable what they accomplish.

LAW

Director of Law Thomas Holl requested approval of Agenda Item Nos. 2025-12-287 and 2025-12-288. Moved are the items as follows:

2025-12-287

In a memorandum dated December 2, 2025, Authorization for the Executive Director to enter into a Memorandum of Agreement (“MOA”) for the Transfer of Ownership Improvements Between the New Jersey Turnpike Authority and Cherry Hill Township for the Replacement of the Walt Whitman (3S) Service Area Sanitary Sewer Force Main and the Installation of a Gravity Sewer Line, Budget Code: 0490012013 - 3S Pump Station Force Main Upgrade, Amount: not to exceed \$91,350.00, was approved.

The New Jersey Turnpike Authority (the “Authority”) is proceeding with its plan to replace the sanitary sewer line at the Walt Whitman Service Area (the “Service Area”) located in Cherry Hill Township (the “Township”). The Authority has jurisdiction over the New Jersey Turnpike, including the various roadway extensions, service roads, service areas and ramps; and the Township has jurisdiction over all municipal roads and Township owned parcels of land located within its boundaries. In the interest of public safety and convenience and monetary savings, the Authority has proposed to replace the existing pump station and main that services the Service Area. The existing improvements will be replaced by a gravity sewer line due to frequent operational issues that have caused extensive maintenance and occasional shutdowns.

Specifically, the MOA memorializes the Authority’s obligation to transfer ownership of all infrastructure improvements in connection with the new line, and all appurtenances thereto, outside of the service area parcel to the Township upon completion of the new line, and the Township’s obligation to accept ownership and maintenance responsibilities for same. Based on the estimated daily flow rate of the new line, and for purposes of complying with applicable municipal and state laws and regulations, the Authority shall pay all applicable fees, including a permit connection fee, in an amount not to exceed \$91,350.00. Approval of this item will allow the Executive Director to execute an MOA substantially incorporating said terms.

Accordingly, it is requested that the Board of Commissioners delegate to the Executive Director the authority to execute the proposed Memorandum of Agreement with Cherry Hill Township pursuant to the terms outlined above, should he deem it in the best interest of the Authority, upon the recommendation of the Engineering Department. It is further recommended that the Commissioners authorize the Executive Director to execute any such documents and take any other actions as are deemed necessary to effectuate the intent of this authorization.

PUBLIC BID SOLICITATIONS – AWARD OF CONTRACTS

2025-12-289

In a document dated November 19, 2025, Recommendation to Award Contract No. P100.739, Garden State Parkway, Joseph M. Sanzari, Inc., Bridge Repairs and Resurfacing, Milepost 126 to 172 (2026), R-198114, Budget Code: 0390002008, Amount: \$13,953,500.00, was approved.

This is the first of two annual Parkway bridge repair contracts to be awarded for the 2026 construction season. This contract will provide for bridge repairs concentrated in the northern portion of the Parkway and will perform work on 14 structures. The work generally involves selective replacement of

complete deck panels, concrete spall repairs, joint repairs, replacement of existing asphalt wearing surface, bearing replacement, and miscellaneous substructure repairs. All work is expected to be substantially completed by November 2026.

Two bid proposals were received on October 28, 2025 for the above publicly advertised contract, as shown on the attached bid summary sheet. The low bid proposal, in the amount of \$13,953,500.00, may be compared to the Engineer's Estimate in the amount of \$15,180,860.00. The low bidder, Joseph M. Sanzari, Inc., has performed work for the Authority and is considered competent to complete this contract.

It is therefore recommended that Contract No. P100.739 be awarded to the low bidder, Joseph M. Sanzari, Inc. of Hackensack, New Jersey in the amount of \$13,953,500.00. Bids for this work were procured, and the authorization being sought is to award this fair and open contract to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive Order No. 37 (Corzine 2006).

The General Consultant, HNTB Corporation, concurs with this recommendation.

2025-12-290

In a document dated November 26, 2025, **Recommendation to Award Contract No. T100.740, New Jersey Turnpike, D'Annunzio & Sons, Inc., Bridge Repairs and Resurfacing, Milepost 92 to 122 and the Newark Bay-Hudson County Extension (2026), R-198115, Budget Code: 0390000009, Amount: \$15,627,000.00,** was approved.

This is the first of two annual Turnpike bridge repair contracts to be awarded for the 2026 construction season. This contract will provide for bridge repairs concentrated in the northern portion of the Turnpike and will perform work on 20 structures. The work generally involves selective replacement of complete deck panels, concrete spall repairs, joint repairs, replacement of existing asphalt wearing surface, bearing replacement, and miscellaneous substructure repairs. All work is expected to be substantially completed by November 2026.

Two bid proposals were received on October 16, 2025 for the above publicly advertised contract, as shown on the attached bid summary sheet. The low bid proposal, in the amount of \$15,627,000.00, may be compared to the Engineer's Estimate in the amount of \$15,773,315.00. The low bidder, D'Annunzio & Sons, Inc., has performed work for the Authority and is considered competent to complete this contract.

It is therefore recommended that Contract No. T100.740 be awarded to the low bidder, D'Annunzio & Sons, Inc. of South Plainfield, New Jersey in the amount of \$15,627,000.00. Bids for this work were procured, and the authorization being sought is to award this fair and open contract to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive Order No. 37 (Corzine 2006).

The General Consultant, HNTB Corporation, concurs with this recommendation.

2025-12-291

In a document dated December 16, 2025, Recommendation to Award Contract No. T200.681, New Jersey Turnpike, Stavola Contracting Company, LLC, Roadway Resurfacing, Milepost 83 to 122 Section 12 and 13 (2026), R-198202, Budget Code: 0390036020, Amount: \$18,039,690.69, was approved.

This contract, managed by the Operations Department, will provide for pavement removal and resurfacing of bituminous asphalt surface course pavement with warm mix asphalt along the Northbound and Southbound New Jersey Turnpike mainline, including shoulders, interchange ramps, grade separated U-turns, and other incidental work from Milepost 83 to 122 in Middlesex, Union, Essex, Hudson and Bergen Counties. All work is expected to be substantially completed by December 2027.

Five bid proposals were received on October 16, 2025, for the above publicly advertised contract, as shown on the attached bid summary sheet. The low bid proposal in the amount of \$18,039,690.69 may be compared to the second low bid in the amount of \$19,891,513.13. The low bid was significantly lower than the Engineer's Estimate in the amount of \$22,663,975.00 and likely due to the low bidder's continuous presence in the region and ability to self-produce all asphalt mixes for the project. The low bidder, Stavola Contracting Company, LLC, has performed work for the Authority and is considered competent to complete this contract.

It is therefore recommended that Contract No. T200.681 be awarded to the low bidder, Stavola Contracting Company, LLC of Tinton Falls, New Jersey in the amount of \$18,039,690.69. Bids for this work were procured, and the authorization being sought is to award this fair and open contract to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive Order No. 37 (Corzine 2006).

The General Consultant, HNTB Corporation, concurs with this recommendation.

Director of Operations Kevin Dunn requested approval of Agenda Item No. 2025-12-303. Moved is the item as follows:

2025-12-303

In a memorandum dated November 20, 2025, **Recommendation to Authorize 2026 Assessments to First Aid Squads and Fire Departments Providing Services on the New Jersey Turnpike and Garden State Parkway, for the Period January 1, 2026, through December 31, 2026, Budget Code: 00-010-710-442060, Amount: \$575,000.00,** was approved.

The New Jersey Turnpike Authority (the "Authority") utilizes the services of approximately 80 first aid squads and 80 fire departments that are on-call and provide emergency services to the Authority's patrons on the New Jersey Turnpike and the Garden State Parkway. These organizations are further supported by other organizations in a mutual aid capacity. As the owner and operator of these two roadways, the Authority itself does not have qualified emergency personnel and apparatus to provide these critical, life-saving services to its patrons. Therefore, it has been the policy of the Authority to financially assist these first aid squads and fire departments on a semi-annual basis.

The first aid squads are provided an assessment on a per-call basis, plus a semi-annual standby assessment. The fire departments are provided an assessment on a per piece of apparatus basis, plus a semi-annual standby assessment. Organizations providing mutual aid are not provided with an assessment for stand-by assessment but are provided an assessment on a per call basis for first aid squads, or a per number of apparatus basis for fire departments.

Accordingly, it is recommended that the Authority be authorized to provide these assessments to the first aid squads and fire departments providing services on the New Jersey Turnpike and Garden State Parkway under the terms set forth above in an amount not to exceed \$575,000.00 for the year 2026.

Executive Director James Carone requested approval of Agenda Item No. 2025-12-306. Moved is the item as follows:

2025-12-306

In a memorandum dated December 2, 2025, **Authorization to Award a contract for Insured Stop Loss Coverage to Horizon Blue Cross Blue Shield ("Horizon") not to exceed \$5,968,935 for the period of January 1, 2026 – December 31, 2026,** was approved.

The New Jersey Turnpike Authority ("Authority") has been working with its Health Benefits Consultant, Arthur J. Gallagher and Company ("Gallagher"), to solicit proposals for Stop Loss Insurance coverage. Stop Loss coverage is insurance that protects the Authority's self-insured medical benefits program from individual claimants with aggregate medical and prescription drug claims above a specific threshold. The Authority's threshold, or self-insured retention, is a \$350,000 deductible per family claimant, plus an additional \$250,000 known as an aggregating deductible for a combined initial threshold of \$600,000.

On behalf of the Authority, Gallagher performed a stop loss competitive marketing requesting proposals from nine (9) vendors, including the incumbent Horizon Blue Cross Blue Shield of New Jersey ("Horizon"), for rates offering stop loss insurance effective January 1, 2026. Vendors were asked to propose a contract that matched the current contract provisions. Seven (7) vendors were determined to be not competitive. Two proposals (2) received from the following vendors were deemed to be responsive:

- 1) Horizon Blue Cross Blue Shield of New Jersey ("Horizon")
- 2) Sun Life Financial Inc. ("Sun Life")

In its Evaluation Report dated November 2025, Gallagher thoroughly documented the evaluation process, the proposals, options to consider and its recommendation. Critical factors considered in the analysis were the proposer's ability to match the current contractual provisions, no lasering which are claimant(s) who are subject to a higher deductible than the rest of the participants in the same contract due to high medical claims, as well as the total financial exposure to the Authority. After reviewing the proposals, Horizon had the most competitive proposal while maintaining all the provisions of the current Stop Loss contract. Horizon's Stop Loss proposal did not include lasering any claimants, had the lowest premium proposed, and would streamline the current process as Horizon is also the Authority's medical third-party claims administrator.

Sun Life Financial Inc. also proposed a contract with the same provisions of the current Stop Loss contract, but it was not as competitive as the incumbent carrier, Horizon Blue Cross Blue Shield of New Jersey.

The Authority's direct financial exposure is the annual premium paid, plus the aggregating specific deductible, \$250,000 (that must be met before any reimbursement is received from the stop loss contract), plus the estimated amount of the lasered claims above the specific stop loss deductible. Based on this analysis, Horizon Blue Cross Blue Shield of New Jersey provided the most competitive quote. Horizon proposed a premium rate that is 40% above the current premium, for an estimated annual premium not to exceed \$5,968,935. The total exposure with the specific aggregating deductible (\$250,000) is \$6,218,935. The insurance financial strength of Horizon is an A rating from Standard and Poor's.

Gallagher recommends, and staff concurs, with placing the stop loss coverage with Horizon Blue Cross Blue Shield of New Jersey. Horizon has not only offered the most competitive proposal regarding cost and exposure but has also proposed a more favorable insured agreement for the Authority.

Therefore, authorization is requested to award a contract for insured Stop Loss coverage to Horizon Blue Cross Blue Shield of New Jersey with a Family Specific Stop Loss threshold of \$350,000 including the aggregating specific deductible of \$250,000, for the policy period of January 1, 2026 through December 31, 2026, for premium amounts not to exceed \$5,968,935, which precise premium shall be subject to fluctuation based on enrollment, as the premium is computed on a per participant per month basis. It is further recommended that the Executive Director be authorized to take any actions and execute any documents that are necessary to effectuate the purpose of the above authorizations. In the event that the Executive Director cannot negotiate renewal of this coverage with Horizon Blue Cross and Blue Shield of New Jersey, the Authority will, once again, engage all available resources to evaluate market conditions, solicit competitive rates and seek authorization from the Board for any subsequent awards.
