

**New Jersey Turnpike Authority
Engineering Department**

**Order of Professional Services No. P4280
Supervision of Construction Services for Contract P200.869
Drainage Video Inspection and Cleaning, Milepost 123.6 to 127**

**Responses to Inquiries
Request for Expressions of Interest**

- 1. Inquiry:** A firm that is submitting as a prime consultant, and is also a Small Business Enterprise (SBE), can they self-perform the 25% SBE goal or that must be met through another entity?

Response: The Firm is to present to the Authority their approach to attaining the SBE participation goal as described on page 1 of the RFEOI and in rating factor 8.
- 2. Inquiry:** On page 8 the OPS allows for up to 7 resumes. Sounds like too many for this OPS.

Response: This is the maximum number of resumes. You may submit less if you feel you do not need the maximum amount.
- 3. Inquiry:** On page 17 of the OPS, it says a full-time inspector is needed but the Staffing Estimate does not show that position or hours for that position. It seems maybe 5 resumes would be needed if a full-time inspector is needed.

Response: Please follow the staffing estimate table.
- 4. Inquiry:** We are curious if a construction schedule be included as part of the backup documents?

Response: A construction schedule will be provided to the winning firm once the contractor for the construction contract is selected.
