

CERTIFICATIONS AND RECOMMENDATIONS FOR FINAL ACCEPTANCE{PRIVATE }

CONTRACT NO. _____

TITLE: _____

CONTRACTOR: _____

FROM: TURNPIKE AUTHORITY SUPERVISING ENGINEER

TO: GENERAL CONSULTANTS

Based upon the results of a final inspection for this project conducted on _____ and further inspections of the site to assure that all deficiencies have been corrected, I certify that the contractor named above has satisfactorily completed the work to be performed under the subject Contract, as titled above. The above project, as amended by change orders and supplementary agreements, if any, is in full and entire conformity with the plans and specifications on file at the office of the New Jersey Turnpike Authority.

It is recommended that the project be formally accepted by the New Jersey Turnpike Authority.

FROM: CONSULTING ENGINEERS Date:

TO: CHIEF ENGINEER

Based upon a knowledge of the provisions of the Contract and inspection of the project site, it is hereby certified that the contractor named above has completed the work to be performed under the subject Contract, as titled above, as amended by change orders and supplementary agreements, if any, to the satisfaction of the General Consulting Engineer, as required by Section 719 of the Bond Resolution of the New Jersey Turnpike Authority adopted August 20, 1991 as amended, restated and supplemented.

AECOM Technical Services, Inc.

By: _____

FROM: CHIEF ENGINEER Date:

TO: EXECUTIVE DIRECTOR

Based upon the attached Certificate of the General Consulting Engineer and the recommendations of the Authority's Supervising Engineer, it is hereby certified that the Contractor named above has satisfactorily completed the work to be performed under the subject Contract, as titled above, as amended by change orders and supplementary agreements, if any, and the Contract is in full and entire conformity with plans and specifications on file in this office. I am further advised by the Law Department that there are no liens against the contractor arising under this Contract on file with the Authority.

It is, therefore, recommended that the work performed under this Contract be formally accepted by the New Jersey Turnpike Authority.

Chief Engineer
