2023 New Jersey Turnpike Authority Bridge Inspection Program
New Jersey Turnpike – Group 4
Milepost 99 to 112**

**Responses to Inquiries
Request for Expressions of Interest**

- 1. Inquiry:** On Page 21, nocturnal inspection is to be performed for one off-cycle Bridge No. 40.96 under Group 4, shall this be included in the project's staffing estimate, or it will be considered as Unanticipated Task.

Response: The off-cycle nocturnal inspection scheduled for Bridge No. 40.96 shall be included in the Staffing Estimate under Task No. 6 - Miscellaneous Work, which is described on Page 17. It is not considered as Unanticipated Services.
- 2. Inquiry:** On Page 33, in the paragraph before last, the Consultant is directed to include a 10% contingency of the burdened labor fee for "Unanticipated Services" in their Fee Proposal. Will this be in addition to the 700 hours and the \$20,000 direct expenses allocated to Unanticipated Tasks as on Page 17? If yes, please clarify the "burdened labor fee" as it is not clear whether this means the total direct labor fees with or without multiplier.

Response: The Unanticipated Services described on Page 33 is completely independent from, and in addition to, Task No. 6 - Miscellaneous Work described on Page 17. There are no "Unanticipated Tasks" called out on Page 17. The "burdened labor fee", which serves as the basis for Unanticipated Services, equals the total direct labor fee times multiplier (overhead and profit).
