TREE TRIMMING AND REMOVAL SERVICES

Below are the New Jersey Turnpike Authority's responses to inquiries received with respect to the above-referenced Request for Bid ("RFB").

Responses to Inquiries:

1. Please clarify on the Spider Lift specification. Are we required to include an additional operator for this unit, or is it an additional piece of equipment as needed for the 3-person tree trimming/removal crew?

RESPONSE: Request for the spider lift is based on the location and access to the work. Typically, this call out is for residential complaints where a bucket truck is on accessible or a Right of Way but is to remote for normal trucks to access.

A qualified operator should accompany the spider, if said operator is part of the three-man crew for the day the charge to us would be for a three-man crew plus the hourly rate of the spider lift.

NO OTHER CHANGES. ALL OTHER DATA REMAINS IN EFFECT.

Very truly yours,

Janet Rzepka, Acting Director
PMM Department
